

Arkansas F. I. R. E. Program

Arkansas Firesetter Intervention, Referral and Education Program

A statewide effort to offer practical, helpful resources and support to families of children who play with or set fires and to the professionals who are trying to help them in order to reduce the effects of juvenile-set fires on these families and their communities.

1-866-KID-FIRE

(1-866-543-3473)

Call (free) to refer a child or adolescent who plays with or has set fires.

You may also call for assistance if you are working with the family of a child who has set fires or you want to learn more about juvenile firesetting.

Important tips for working with children who play with or set fires:

- The families of these kids **must** have Fire Safety Education.
- The families of these kids **must** have Smoke Detectors in their homes.
- The child **must** receive Fire Safety Education.
- The child and family may need help from mental health professionals.

If you cannot provide all of these services, please call to get help.
