

2008 Donor Roll of Honor

Ruth Beall Society

Gifts for the future keep discovery and hope flourishing at Arkansas Children's Hospital today.

Ruth Beall was the second superintendent of the Arkansas Children's Home and Hospital. Under her leadership, Arkansas Children's Hospital weathered the storm of the Depression, made record progress and expanded well beyond its original status.

This society is named in her honor because of her unique vision for the future of Arkansas Children's Hospital.

The Ruth Beall Society honors those who have made a commitment to the future of Arkansas Children's Hospital by including the hospital or research institute in their will or other estate plans.
