A Prayer for Our Patients

O God of life, we thank you that you are with each patient, within each patient, and beyond each patient. Empower them with your strength and courage when they face life challenges and health decisions. Open them to new possibilities when they encounter their limitations and their fears. Sustain them with peace and hope when they wait with unanswered questions. Hear them when they cry in lament, and when they celebrate with joy. Surround each one with skilled and compassionate caregivers who remind them that they are not alone. And embrace them with the breadth and depth of your healing love.

Why a Prayer List Ministry?

The Prayer List Ministry is designed to mobilize people of faith to pray for the needs of the patients and families at Arkansas Children’s Hospital. When a child is ill or injured, many lives are impacted. Stresses and struggles can become overwhelming. ACH cares for patients from all over Arkansas, and indeed the world. There are more than 250,000 patient visits each year.

For those who believe in the power of prayer, what better way to support those in need than to pray for them.

How It Works

The Chaplains in the Pastoral Care Department at ACH have the goal of visiting each patient and family after they are admitted to the hospital. During that visit, the chaplains present the families with the opportunity to complete a Prayer Card with their child’s needs. These Prayer Cards are also located in the hospital’s Chapel which is always open for quiet and prayer.

The Pastoral Care office compiles the information and sends a list of requests including the patient’s first name, age, and brief request to those who have agreed to partner with us in this ministry.

The list is sent weekly by E-mail to a designated person or office.

Each organization or church may then distribute the list to its members.

“Beloved, pray for us.”
